

Roll-Rite® DC400 Series

Roll Off & Hooklift Truck Tarp Systems

...For Refuse & Recycling

Roll-Rite® DC400 Series

Super Duty Motor

Tower & Integrated Housing

Wireless Controls

Top Mount Pivot

Quality, durable tarp components engineered for tarping detachable container trucks & trailers.

DC Series Tarp System Benefits:

- **The Super Duty Electric Gear Motor:** Designed for heavy duty truck and trailer tarping, our patented Super Duty is the tarp industry's leading gear motor
- **The Tower, Integrated Housing Tarp Spool:** Ships Completely Pre-Assembled... with pre-installed, pre-wired and pre-tested Integrated Housing and Super Duty Gear Motor, Power Pack Unit and Black Box™ Wireless Controls. Standard Equipment includes Work Lights and Coil Cord. Pre-wired fast "install-ready" hookup in under 10 hours. Bolt-on Mountings on Power Pack and Black Box mountings for installs needing more flexibility. Durable black powder-coated finish on tower provides added durability and corrosion resistance. Easiest to Install with 12-inches of clearance behind cab. Tower Mounting Brackets are available in either U-Bolt or Side Frame style, call for details.
- **Wireless Controls:** Systems with adjustable features come standard with our Black Box™ wireless controls with keyfob remotes. Sealed membrane push button operation. Work light button with remote control access. Meets SAE International Standard for Heavy Duty Vehicle Applications (SAE# J1455). "Install-Ready" pre-wired, improved external connections for fast hookup. Automatic Timed Lockout, No Key lockout needed. Press Ch1 and Ch2 buttons or keyfob to unlock or re-lock. Clearly see what you tarp with 360° walk-around remote operation, preventing load obstruction
- **The Arms:** Roll-Rite® tarp arms consist of a lower pivot arm and upper tarp bow made from a specially treated, high strength extruded aluminum alloy buffed and polished to a mirror-like finish. Arm design delivers the lightest, most durable tarp arm with maximum strength to weight ratio. Telescopic fit for easy installation and widest range of system variations. 45° Pivot Offset option is the strongest offset available. Effectively positions base pivot arm parallel to hoist frame, reducing load interference

Options:

Tower mounting brackets (call for details) and 45° Offset Pivot Arm:

- U-Bolt Tower Mounting Brackets

- Side Frame Tower Mounting Brackets

- Angle Iron Mounting Brackets

DC400

DC400 Truck system for similar size containers using up to 30 feet of tarp.
DC400 Truck system may feature:

- Super Duty 98" Tarp Spool w/ Integrated Housing, Adjustable Tower
- Greaseable Roller Bearing 6-Spring Top Mount Stationary Pivot Set
- Wireless Power Pack w/ Black Box™ Remote, 2 Keyfobs
- Wide Tarp Bow Set
- Worklights
- Option: 2-stage tower adjusts from 5 feet up to 11 feet above truck frame to allow clearance on taller containers

Estimated System Weight: 575lbs

DC428

DC428 Truck system for similar size containers using from 30 to 36 feet of tarp. DC428 Trailer system may feature:

- Super Duty 98" Tarp Spool w/ Integrated Housing, Adjustable 2-Stage Tower - adjusts from 5 feet up to 11 feet above truck frame to allow clearance on taller containers
- Greaseable Roller Bearing 8-Spring Top Mount Stationary Pivot Set
- Wireless Power Pack w/ Black Box™ Remote, 2 Keyfobs
- Wide Tarp Bow Set
- Worklights

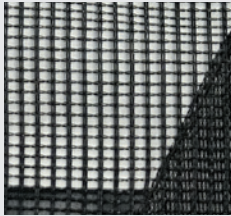

- (shown) DC428 w/ Optional 45° Offset Pivot Arms and 2-Stage Tower

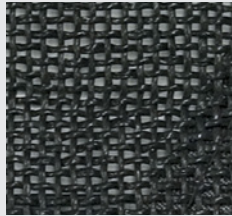

Tarps By Roll-Rite®

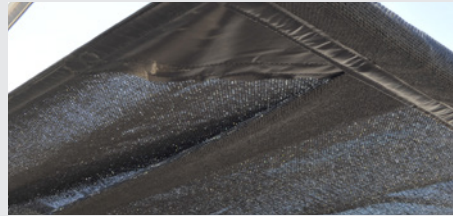

Premium Mesh

- Load Type: Refuse, General
- Fabric: 7.7 oz premium 7.5x5 weave with two 1000 denier polyester UV coated twisted strands (1500Dx1000D)
- Key Benefit: Premium strength, longer life cycle than industry standard mesh

Super Tough Mesh

- Load Type: Challenging Scrap, Construction & Demolition
- Fabric: Premium 16 oz heavy, 7x7 weave with 7,500 denier UV protected strands of polypropylene breathes enough to minimize flapping
- Key Benefit: Longer life, up to 3x-5x wear life over other scrap tarps

The Pleated Tarp Design:

You can have the benefits of both a straight tarp and a flapped tarp with none of the hassles. Fabricated with two pleated folds along the length, the tarp can expand up to 10' wide to function like flaps. Pleated Tarps are a custom order. The Pleated Tarp lets you...

- Eliminate shock cords
- Forget the seams
- Stop straining to reach the center of a flapped tarp
